4 Balanced diets infused with great low-fat meats like chicken and selections like pork tenderloin are perfect for a well-balanced diet. But the USDA's Dietary Guidelines for Americans suggest that you limit your intake of red meat to no more than six ounces a day. That's about the size of a deck of cards. And if you're eating meat, it's important to choose lean cuts. For example, a 3-ounce serving of lean beef contains about 10 grams of fat, while a 3-ounce serving of lean pork contains about 5 grams of fat. Second, even if a country's institutions are sound, the government may have to learn how to use them. For example, the government may need to learn how to use the courts to enforce the law, or how to use the police to maintain order. The government may also need to learn how to use the media to communicate with the public.

I JOHN I:I-4

¹ That which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked at and our hands have touched—this we proclaim concerning the Word of life.

² The life appeared; we have seen it and testify to it, and we proclaim to you the eternal life, which was with the Father and has appeared to us.

I JOHN I:I-4

³ We proclaim to you what we have seen and heard, so that you also may have fellowship with us. And our fellowship is with the Father and with his Son, Jesus Christ.

⁴ We write this to make our joy complete.
